Thanks, Scott. When I spoke to Jim Payne earlier, he was envisioning me and another R6 attorney, maybe Bruce Jones or James Murdock, to have editor rights to add, delete, organize and maintain our little Sharepoint site. At the very least, we're hoping it'll serve to assist us as ORC's "go-to" point for any future disaster related events and responses, especially now that Hurricane Irma's track seems to be heading in a steady, northwesterly direction.

Ed,

Thanks for the info. Looks good. Let me know if you want me to assign a Water Enforcement attorney like Tucker to assist with anything. He is not real busy right now...

Scott

Subject: MGH1 - Hurricane Harvey - R6 Sharepoint Legal Folder

Hi All,

Below is a link to the R6 Hurricane Harvey Legal Folder Sharepoint site:

<https://usepa.sharepoint.com/sites/R6/Hurricane%20Harvey%202017/Forms/AllItems.aspx?id=%2Fsites%2FR6%2FHurricane%20Harvey%202017%2FLegal>

I'm still in the process of uploading additional resources and will need to organize the documents into easily identifiable subfolders. Of particular note is the addition of documents from the "Redbook," which will be further organized into its own subfolder as time permits.

At the moment, everyone has "editor rights," but I would ask that no one upload to or delete from this Sharepoint. In an effort to ensure measured consistency with this Sharepoint, Jim Payne is requesting that responsibility fall on a couple of us R6 attorneys for now. Thanks for your understanding.

If anyone has any questions regarding access to the Sharepoint or comments concerning its contents, please let me know.

Thanks for everyone's help on this response and recovery effort.
